## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-37 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A) Claims 1-37 are indefinite because it is unclear as to how after the first cleavage reaction the plurality of polynucleotides would share a common 5' end with the precursor when only one of the fragments would have the original 5' end.

B) The term "substantially" in claim 1 renders claim 1-37 indefinite because it is unclear by what parameter the term is measured i.e. temperature, pH, solvent type etc. The term is critical in that the second chromatogram is vital to the determination of the first chromatogram.

## SUMMARY

2. No claims allowed.
